Soft Skills Assignment

Module 2) Technology

Discuss plans for upgrading your technology skills.

Nowadays many platforms like Coursera, Udemy, Unacademy, etc provide courses on a wide range of topics. So, I will continue learning advanced Python from there.

To upgrade my technology skills, I focus on a professional certification course.

Mention any relevant courses, certifications, or resources you are pursuing.

I am pursuing a Python course from the well-known software training institute Tops Technologies, Rajkot.

Share your approach to continuous learning and professional development.

I set clear goals for continuous learning and want to gain expertise in a new technology.

Also, follow industry news and take advantage of online platforms. Obtain certifications that are recognized in the industry.
